DIVISION OF EXTENSION,
UNIVERSITY OF TORONTO,
TORONTO 5, ONTARIO.

Courses normally consist of 25 two-hour sessions given once a week. Where a course is less than 25 sessions, this is noted. Successful candidates must obtain a "C" grade (i.e. 60%) or better in at least 4 of 5 full courses or equivalents, and a pass in all of them.

Students are advised to take "Linear Algebra and Matrices" and "Probability Theory and Mathematical Statistics" before commencing the other courses. All courses are conducted on the St. George Campus.

This course consists of a study of matrix notions and operations.
